

# KAMOV KA-32 ELECTRONIC FLIGHT BAG HOLDER

## Description

Swiss Helicopter Engineering has certified in cooperation with Heliswiss International and Airmade an Electronic Flight Bag (EFB) holder which can be installed at three different locations in the cockpit. The holder allows an easy adjustment and ensure absence of vibration of the EFB device.

**HELISWISS**  
INTERNATIONAL

## Modification details

- ✓ Can be installed at three locations in the cockpit: pilot side, center and copilot side
- ✓ Up to three EFB holders can be installed at the same time
